

PROFILE

BEITEN BURKHARDT

As one of the leading independent German law firms we provide comprehensive commercial law advice to medium-sized companies, major corporations and industry groups as well as the public sector.

Apart from our offices in Germany, we have a strong international presence in Eastern Europe, China and Brussels. With more than 390 lawyers we render service in Beijing, Berlin, Brussels, Dusseldorf, Frankfurt am Main, Hong Kong, Kyiv, Moscow, Munich, Nuremberg, Shanghai, St. Petersburg and Warsaw.

Only Integrated Advice is Good Advice

Every company acquisition, every draft of contract and most disputes affect more than one field of law. This is why our lawyers are not only highly specialised in their respective area of expertise, but also work together with colleagues from other fields and offices. This way, we offer excellent legal advice and high-quality service around the world. Promptness, reliability and permanent personal support by the responsible partner go without saying as well as performance-oriented and transparent fees.

Our Company Culture

We are no lone fighters! In teams, you elaborate client-specific solutions across several disciplines and often across several countries. This does not only require professional competence, but also flexible thinking as well as the capability to fully understand the client. A central point of BEITEN BURKHARDT's culture is that excellent legal advice, collegiality and the necessary fun at work go hand in hand. We therefore attach great importance to a prompt integration of new colleagues and to internal communication that motivates, enables the exchange of ideas and strengthens the team spirit. Numerous events such as regular office-specific or cross-office meetings of our practice groups, trainings and seminars as well as the firm's annual general meeting provide the opportunity to get to know each other and to exchange know-how.
